HOW TO USE

Complete the PROJECT block above, then design in.
Outside art on this side; the inner side walls roll in and show it inside.
Art inside SAFE (green); background out to BLEED.
Magenta = cut · blue = fold · interior print = priced add-on.

FILE PREP · COLOUR

CMYK only — no RGB.
Rich black C60 M40 Y40 K100 (large solids only).
Small text: solid 100% K.
Max total ink (TAC) 300% · PDF/X-4 or layered AI.

FILE PREP · TYPE & ART

Vector preferred · raster 300+ ppi at final size.
Embed or outline all fonts.
Min type 6pt positive / 8pt reversed.
Min line 0.25pt / 0.5pt reversed.

FINISH SWATCHES — fill each area with its matching swatch

- **FOIL** — swatch in this file (empty)
- **SPOTUV** — not in this file
- **EMBOSS** — swatch in this file (empty)
- **WINDOW** — swatch in this file (empty)

This template is a design guide, not a final proof. All supplied artwork is preflighted before production; files that miss these specs may be returned for correction.
You are responsible for spelling, colour intent and content. Verify bleed, safe zone and finishes before submitting.

Guides shown do not print.
